Resists Spills Fabric provides breakthrough spill resistance.

Each fiber has been fundamentally transformed through nanotechnology, and the result is a fabric that:

- ✓ Repels liquids
- ✓ Provides long-lasting protection
- ✓ Extends the life of the fabric
- ✓ Retains fabric's natural softness
- ✓ Allows fabric to breathe naturally

**Anti-static Technology**  
Meta utilizes cutting-edge technology in our fluid resistant Labcoat.

**Performance and comfort!**

This Labcoat fabric is high filament 99% polyester with 1% carbon for static dissipation. The polyester makes for increased fluid resistance while air-texturing makes the coat soft and comfortable to wear.

## A.M.P.S.® COMPRESSION GARMENTS

### 15-20mmHg

Graduated compression gradually decreases up the leg to improve blood flow, reduce swelling and relieve aches and pains. Multiple compression levels to meet your needs.

### Moisture Management

Draws moisture away from the skin to fabric surface quickly to speed drying; launders better.

### Anti-Microbial Finish

Helps prevent bacteria growth.

### Hidden or Outward Facing Seams

Prevent excess fabric from abrading against the skin.

### Multiple Sizes & Colors

Designed for both men and women.

### Multiple Designs

Feature calf length which can be worn discreetly or full foot length which provides classic fit and comfort, both easily compliment everyday apparel.

### Latex-Free

Safe for latex-sensitive skin.

Measure circumference of calf at the largest point.

## CREATE A UNIQUE IDENTITY

We offer the latest technology in embroidery design and application. Create a unique identity by adding name or job title to your customer's new uniform. Orders must be in writing and color of embroidery specified. Embroidery can be up to 4 lines.

Custom logos can be embroidered - please ask your customer service representative for a special price quote. Artwork submitted with color requirements takes two days for a price quote plus 2-3 weeks for a sample for your approval. Please allow an additional two weeks for delivery of finished garments.
