

YOUR OFFICIAL Alberta CAMPGROUND GUIDE

2005 ADVERTISING RATES

Independent surveys confirm that business and vacationing travellers select Provincial Guides three times more often than any other advertising medium as their number one reference choice.

The Alberta Campground Guide lists more than 700 camping opportunities throughout Alberta. It is the most comprehensive campsite directory available for our province.

Over 330,000 copies of the Alberta Campground Guide are printed each year. With an estimated extended readership of more than 1,000,000 people worldwide, this is exposure you can't afford to miss.

Here's something to think about: According to the research done by Phone Directories, placing a display ad in a listings style directory can increase the chances of you being noticed by more than thirteen times. Add colour to your ad and you multiply your chances again by 4. That's 52 times the effectiveness of a basic listing!

There are few guarantees in life and that's especially true when it comes to advertising. If you're going to advertise, why not do it with the leader... and while your at it why don't you increase your odds of winning?

DEADLINES
